

# ***ECLIPSE***

*Tensioned Fabric - Waterproof Canopy*

## *Residential Solutions*

Transform your outdoor living area with a flexible all-weather canopy, tailor suited to your needs. With its unique ability to create wonderful open air environments, the Eclipse Canopy is the perfect addition to your home.

Flexible polyester fabric is tensioned over a quality steel framework, generating a translucent canopy. Through the use of natural light, the sail membrane provides an aesthetic and long lasting weatherproof canopy. Increasing both lifestyle and living function, the Eclipse Canopy produces a wonderful alfresco environment, perfect for entertainment and dining.

The Eclipse is designed and manufactured locally in accordance with Australian Standards. We offer a large range of Powder Coating and Galvanised finishes which can be integrated with the existing features of your home.

The quality and vast experience of our design and installation team enables Shadeform to tailor a solution for your unique requirements.

LIVING &  
LIFESTYLE***

# ECLIPSE Waterproof Fabric Canopy

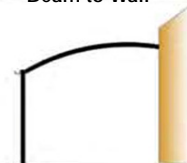

Premium outdoor weather protection

- Translucent Waterproof Fabric
- Lighting Extras
- Guttering and downpipes
- Cooling and Heating Extras
- 3D Modelling and Design
- Council Approval
- Complete Project Management

## BRILLIANT DESIGN

The Eclipse Canopy is custom designed, with various fixing methods allowing flexible integration with existing buildings. The benefit of a flexible fabric, allows large spans with minimal support members. Combining the structural integrity of a pergola, with the aesthetics of a flexible sail, the Eclipse offers the best of both form and function.

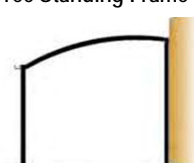

Beam to Wall

Rafter Bracket

Free Standing Frame

## ADDED VALUE

By extending living spaces, the Eclipse Canopy adds considerable value to your home. Creating an open environment that also feels very protected, the Eclipse is cooler than other pergolas. Optional guttering and downpipes provide efficient water collection and dispersion. With the ability to fix outdoor blinds, folding arm awnings, and other external shade products to the frame, it is the perfect foundation for your outdoor living area.

## TECHNOLOGY

High frequency welding technology, bonds the computer cut fabric panels, for the utmost strength and accuracy. Through the use of 3D modelling, we can create a concept design of the plan, ensuring all manufacturing and installation is covered in detail.

## LOCAL

All our sails are manufactured locally in our Flinders Park factory, creating a very affordable means of shade solutions. With over 20 years of experience operating out of Adelaide, we can provide expert advice tailoring a solution for your unique situation.

## WARRANTY

Shadeform offer a 5 year warranty on the manufacture and installation of all products. All fabrics have a 5-15 year warranty and approximate life span is 10-20 years.
