

# issey star

## **Sophisticated retractable roof**

The Issey Star retractable roof system is an intelligent, all-in-one solution for heat, rain and light control, while adding architectural style to your home or business.

Designed and manufactured for Australian conditions, it has been engineered to withstand wind speeds of up to 90 kmh.

Easily integrated into a variety of architectural designs, the Star roof system offers year-round weather protection, allowing you to maximise your outdoor areas in all conditions.

Ideal locations and applications

- Pergolas
- Alfresco dining areas
- Courtyards
- Balconies
- Decks
- Terraces

**With more than 25 years' experience, Issey is the most qualified sun shading solutions specialist in Australia**

# Issey Star
